Charlie McPherson was a school teacher and principle in the Mission School District for 35 years. He was a very successful basketball coach, and put together a team that won provincial championships, which is still talked about to this day. He was Alderman of the Mission District Council for 18 years. Charlie was one of the founding members of Lifetime Learning Centre, and took the place as president and mentor of the Lifetime Learning Centre Society for many years. He was an outstanding volunteer and community worker, and was very devoted to golfing. Charlie was a member of several golfing ranges. He organized and planned Lifetime Learning Centre Society's very first golf tournament. Charlie McPherson passed away in 2007, at the age of 83 years, with his family at his bed side.
